

**19-0001**

**2020 ABPLAB 4**

**Appellant** – J.E. Nash Enterprises Ltd., **Operator** – J.E. Nash Enterprises Ltd., **Location** – Municipal District of Opportunity No. 17, **Type of Appeal** – Discontinuance

A Notice of Appeal was received on June 3, 2019 from Edward Nash of J.E. Nash Enterprises Ltd., with respect to the May 10, 2019 decision of the Director, Provincial Programs Branch, Provincial Approvals Section, Alberta Environment and Parks (Director), to refuse to issue or amend Surface Materials Lease SML 880006, with respect to an assignment, to J.E. Nash Enterprises Ltd. The SML, located at Section 30-93-6-W5M, was previously held by Northshore Exploration.

In consultation with the parties, a mediation meeting was held on October 29, 2019. The mediation did not resolve the appeal and a written hearing was scheduled. On January 21, 2020 the Director requested an adjournment of the written hearing to allow the Director to discuss a possible resolution with the Appellant.

The Director advised the Board on March 24, 2020 that a resolution was reached, and on March 26, 2020 Mr. Nash withdrew the appeal. Based upon the withdrawal of the appeal by Mr. Nash and the Board's satisfaction that all issues related to the appeal have been resolved, the Board discontinued its proceedings and closed its file on March 27, 2020.
